

CHANGE & THRIVE

Telemedicine driven by the 4th
industrial (“Technological”) revolution

The first reported case of telehealth, was published in 1879 in The Lancet.

Since then, telehealth or telemedicine technologies have evolved by orders of magnitude

HOWEVER
Regulations has not

WHY TELEMEDICINE

“CHANGE OR DIE” SITUATION

Doctors / GP's

- Average Age Of 61
- On Edge Of Extinction

Patients

- Convenience driven - “Time Scarce”
- Rural Areas with no GP services
- After Hours Costly

4th INDUSTRIAL REVOLUTION –

TELEMEDICINE
BROUGHT CONVENIENCE
ANYTIME ,
ANYWHERE
at REDUCED COSTS.

TELEDOK IS A TELEMEDICINE CONCEPT FOR TODAY

KEY DRIVERS “THE NEED”

THE DOCTOR – PATIENT
RELATIONSHIP IS AND SHOULD
REMAIN THE CORNERSTONE

THE TELEDOK CONCEPT IS BUILD ON

- **RELATIONSHIP**: Each doctor will have his own database of patients
- **ACCESS** (“convenience”) - Telemedicine platform ANYTIME, ANYWHERE
- **COST**: reduced cost for consultation with reduced overheads.
- **CAPACITY**: increase in the number of patients due to access channel (Digital)

HISA CONFERENCE KEY NOTE

MOVING IN THE RIGHT DIRECTION

- Innovation in healthcare is a must.
- Better services through innovation
- Come aboard to bring changes and improvement through innovation.
- Put telemedicine high on improving services through innovation.
- Innovation is a necessity.
- Change is a must

DR LETLAPE

EMPOWERING REGULATION
WITH INNOVATION AND
EVIDENCE.

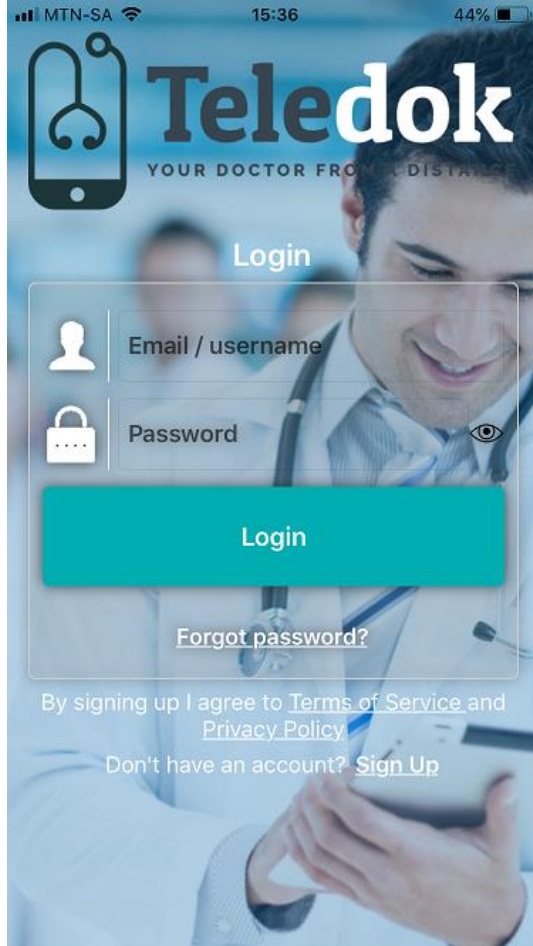

**TELEDOK - bridging the GAP between
regulation and technology**

VISION

**TO ENABLE AFFORDABLE, QUALITY, ALWAYS
AVAILABLE MEDICAL CARE THROUGH A
DIGITAL ENABLEMENT PLATFORM TO ALL
AREAS IN SOUTH AFRICA.**

DOCTOR PATIENT RELATIONSHIP

TELEDOK is an APP based virtual doctor consultation, anywhere, Anytime, 24/7.

Patients are linked to their preferred doctor

Prescriptions to be issued directly to the patient.

Stores your medical history

Doctors are on standby 24/7.
