

GUIDELINES FOR REHABILITATION

1. The following are the guidelines that should be followed during the rehabilitation process after a practitioner has been declared impaired,
2. Three monthly progress reports should be submitted to the Health Committee by the treating doctor and the supervisor for a period of twelve months for consideration by the Committee.
3. If progress is observed and the practitioner is complying, the Health Committee requires six monthly reports from the treating doctor and the supervisor for consideration during the second year.
4. If progress is observed and the practitioner is complying, the Health Committee requires an annual report from the treating doctor and the supervisor for the third year.
5. An interview is conducted by the Health Committee and depending on the progress made in achieving rehabilitation, the conditions of service imposed upon the practitioner may be lifted.
6. If the practitioner does not comply with conditions of service, his/her name is suspended from the register until compliance is observed.
