

Payable Registrations Fees Including Pro-Rata Annual Fees

The table shows fees payable to HPCSA upon registering in each category. For example, we highlighted in yellow, fees payable by a medical intern and here is how one reads and applies the numbers on the table:

A medical intern who registered with an effective registration date of 01 October or any date in October 2023 would pay Registration fees (R540) Plus Pro-rata annual fees for 6 months to 31 March 2024, which date is the end of the HPCSA financial year, ($R1262 \times 0,5$) or R631: TOTAL payable is R1171.

A medical intern who will register with an effective registration date of 01 January 2024 would pay Registration fees (R540) Plus Pro-rata annual fees for 3 months to 31 March 2024 ($1262 \times 0,25$) or R315,50: TOTAL R855,50.

Most practitioners registering in the category Community service will be registered with an effective registration date of 01 January 2024. The applicable total registration fee in this case is the fee shown in the column labelled 1-Jan for a given profession.
